**Good Morning**

**Industrial Electric/Pneumatic Screwdrivers & Accessories!**

Welcome to our latest update featuring Industrial Electric/Pneumatic Screwdrivers and Accessories that are available.

**\*\*Industrial Screwdrivers & Accessories\*\***

**\*\*\*Brushless Electric Screwdrivers\*\*\***

**Standard Brushless Screwdrivers:**

This is a brand new electric screwdriver range from Sumake featuring a new brushless motor. The benefits of this new motor design are to improve durability and offer a wider range of torque and r.p.m - this is because in brushless motors communication is achieved electronically and therefore they are capable of very high speeds and torque without arcing.

<http://www.series4.co.uk/prodeqpt/section19/ds1909.htm>

**Brushless Digital Counter Screwdriver:**

The Digital Counter range of Electric Screwdrivers features an innovative brushless motor design (eliminates carbon dust) which results in low maintenance. With a compact LED counter built in, it is easy to operate so the user can set up the counter according to the needs of the work process.

<http://www.series4.co.uk/prodeqpt/section19/ds1911.htm>

**Brushless Powerful Torque Screwdriver:**

The Powerful Torque range of Electric Screwdrivers (2~18Nm) also utilises the Sumake Brushless Motor design which does not create carbon dust making it ideal for assembling high torque products in a clean-room environment. This Electric Screwdriver offers exceptional powerful performance normally found only in pneumatic

tools so it can also be used for large sized LED/LCD panels or home appliances.

<http://www.series4.co.uk/prodeqpt/section19/ds1912.html>

#### **Brushless Industrial Cordless Screwdriver:**

Introducing the new Industrial Cordless Screwdriver range with Lithium Ion Battery, this screwdriver delivers a high accuracy torque and long lasting motor life cycle. All models in this range require reduced counterforce due to a special mechanical structure and this improves operator safety and reduces occupational repetitive strain.

### **\*\*\*External Brush Electric Screwdrivers\*\*\***

#### **Standard Ext. Brush Screwdrivers:**

This is a brand new Sumake electric screwdriver range from sumake featuring a new DC motor. The benefits of this new motor design are to improve durability and offer a wider range of torque and r.p.m - this is due to the high quality extra strong magnet, low electric current and stable rotation. Prices starting from £238.87 for Screwdriver complete with power supply.

<http://www.series4.co.uk/prodeqpt/section19/ds1909a.htm>

#### **Demonstration Video:**

<https://www.youtube.com/watch?v=DSEv5pccjmY>

#### **Direct/Mains Plug In Screwdriver:**

The AC Full Auto Direct Plug In Electric Screwdriver Range is easy to operate and employs an extra strong magnet for increased endurance. A single press causes actuation therefore offering a quick, simple and accurate method of fastening general machine screws. This range is designed for longer work cycles and features an ergonomic design for the reduction of operator fatigue.

### **\*\*\*Industrial Pneumatic Screwdrivers\*\*\***

#### **Oil-Free Pneumatic Screwdrivers:**

The new range of air screwdrivers from Sumake boast a huge range of features only found on more expensive models they include: Less Noise, Ergonomic & Comfortable, Torque Adjustment/Management, 30% Less Counterforce, Green Energy/Environmental Protection, High Quality Oil-Free Motor, Noise Levels Between 67 & 72 dB, Meet ISO5393 & VDI-2647 Standards.

**FLF Lever Start Range**

**FPF Push Start Range**

**FAF 90° Angle Range**

All product datasheets for the above oil-free pneumatic screwdrivers and our full range of Industrial Pneumatic Screwdrivers can be found here:

### **\*\*\*Industrial Screwdriver Accessories\*\*\***

**Torque Locking Covers**

**Pozi, Phillips, Torx, Slotted & Socket Screwdriver Bits**

**Screw Setter**

All accessories for our range of Electric & Pneumatic Industrial Screwdrivers can be found here:

<http://www.series4.co.uk/prodeqpt/section19/ds1915.html>

**\*\*\*Sumake Screw Feeders\*\*\***

**SFR30 Automatic Screw Feeder:**

Introducing the new SFR30 Automatic Screw Feeder for automatic pick up of screws with a size range of M0.8~M3.0 screw head diameter 1.2~9.5mm with a length of 1.0mm~15mm. The digital display allows for easy and quick setting. The SFR30 Screw Feeder is able to deliver up to 50 pieces per minute.

<http://www.series4.co.uk/prodeqpt/section19/ds19-18.htm>

**A358/SF60 Automatic Screw Feeder:**

The Sumake A358 Screw Feeder is the ultimate piece of multi-functional supply equipment for the production line. This unit offers an exchangeable screw-feeding rail which allows for quick and simple switching action for servicing screw sizes between 1.0mm and 5.0mm (other adjustable screw feeders typically cater for screws from 1.4mm to 5.0mm), making this a very flexible feeder.

**Demonstration Video:**

<https://www.youtube.com/watch?v=QNTyOIXzSQQ>

**\*\*\*Digital Torque Meters\*\*\***

**HP10/HP100 Digital Torque Meters:**

The Torque Meter - HP100 is compact and easy to use and fully rechargeable for portal use. It is used for measuring the torque settings of electric screwdriver, torque drivers and torque wrenches.

The unit has a 3 way selectable switch that will measure in Kgf-cm/Nm/Lbf-in. It will also measure Peak force exerted by the driver or will show a track measure. It also has a safety overload of 120% Capacity. Please note there is also an HP-10 Torque Meter available which has a torque range of 0.015 - 1.0Nm.

<http://www.series4.co.uk/prodeqpt/section19/ds131.htm>

### **ST1/10/20 Digital Torque Meters:**

The ST-1, ST-10 & ST-20 Torque meters are compact, easy to use and fully rechargeable for portable use. They have a high level of accuracy, ideal for use in light industry and machinery manufacture or scientific research. This instrument is ideal for detecting and calibrating various power screwdrivers, wrenches with torque control, for relative torsion torque testing and for torsion fracture parts testing. The unit has a 3 way selectable switch that will measure in Kgf-cm/Nm/Lbf-in.

<http://www.series4.co.uk/prodeqpt/section19/ds19-08.htm>

### **\*\*\*Telescopic and Auxiliary Linear Torque Arms\*\*\***

#### **Telescopic Linear Torque Arms:**

The Telescopic Linear Torque Arm is ideal for using on the assembly line where space is at a premium and necessary for operator safety. The linear torque arm collapses like a telescope and provides smooth operation and movement. Available in either aluminium alloy or carbon fibre alloy (F) options for virtually no maintenance. This arm is also suitable for use with the pneumatic screwdriver range.

<http://www.series4.co.uk/prodeqpt/section19/ds1916.htm>

#### **Auxiliary Linear Torque Arms:**

In the Auxiliary Linear Torque Arm range, a model is also available for lower torque tools with the aim of improving precision on very small objects. The rocker arm allows for 360° movement and the main shaft can be extended to a maximum of 830mm. Internal gas mechanism allows the user to grab the arm easily with automatic lift up and repositioning after finishing the work piece.

### **\*\*\*\*\*OTHER SECOND USER MACHINERY\*\*\*\*\***

**\*\*RT3000 ROTARY TAPE DISPENSER £285\*\*CARPENTER 47B MANUAL RIBBON CABLE STRIPPING MACHINE FROM £750\*\* HIOS CL4000 ELECTRIC SCREWDRIVERS C/W APT30 PSU \*\*BOFFA V-250 TWIN FUME EXTRACTION SYSTEM £250\*\*SCHLEUNIGER CS9050 CUT & STRIP MACHINE £3000\*\*RT7000 TAPE DISPENSER £350.00\*\*AMPHENOL STRIPBOX £1325.00\*\*SCHLEUNIGER HC207 PORTABLE COAX STRIPPER £3250.00  
**THIS IS JUST A SELECTION OF OUR CURRENT RANGE & WE HAVE MANY MORE MACHINES ALSO IN STOCK, PLEASE CALL WITH YOUR REQUIREMENTS OR IF YOU HAVE SOMETHING FOR SALE****
